

Skateboard Progress Tracker Start-Up Wizard

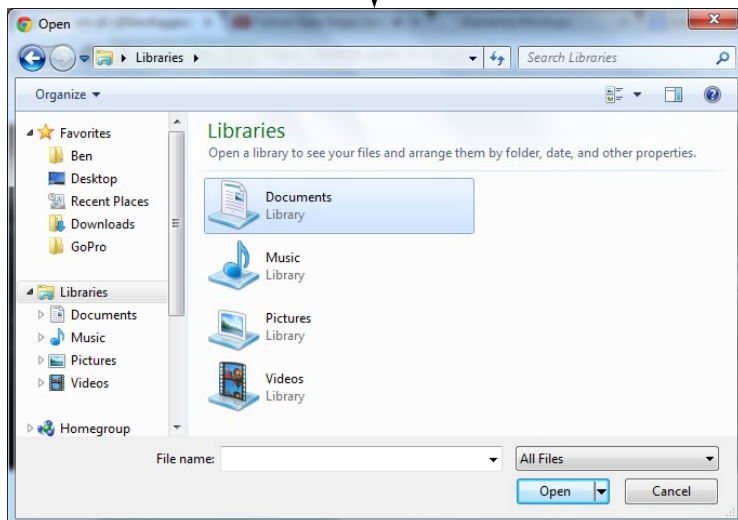

Welcome to the Skateboard Progress Trackers start-up wizard. A profile has not been detected and therefore this window will guide you through how to make a new profile. Once your profile has been created you will be able to change all the information you have entered here. When you have entered **all** off the information necessary (name, email and profile picture) you will be able to click the **save** button and your profile will be generated and you will be able to use the application. Once we have your profile set up it will be saved on your computer, so as long as you don't delete this applications files you shouldn't be prompted with this screen again! Enjoy - Ben Keppie

First Name:

Last Name:

Email Address:

Profile Picture:

The information above will be stored into the database, this window will close and the main application window will open. (page 51)
